

Original by Bruno Monguzzi
Adaptation by Rob McKaughan

I'm recreating Constructivist posters to learn design.

Creative

self-indulgence

Typography

Sometimes, you do things because you think you should.
Sometimes, you do things because you think it would be productive.
Sometimes, you do things because you think you'd enjoy it.
Sometimes, you do things because it feels completely self-indulgent.

Typography is like that for me.
